Struck by Lightning.

Winnipeg, Aug. 1.

The Canadian Pacific station was struck by lightning to day, setting fire to the building. The fluid entered by the telegraph wires, and in a few minutes the whole telegraph department was in flames. The damage by fire is no large, but that by water is heavy, all the upper floors being covered by water two feet deep. The fire burnt out the whole

centre of the building. The loss is estimated at \$10,000. Operator Ferguson received severe hurts, but escaped. Fireman Morris was injured by a fall from a ladder. Supt. Whyte's office and Passenger Agent Kerr's department are ruined by water.

Mr. C. Mair arrived home yesterday from Winnipeg, where he had been on business connected with the locating of the railroad station. Since his return he has received the following telegram:—
CALGARY, July 31st.

C. MAIR, Prince Albert.

I have accepted yours and the land owners proposal regarding station. It will be erected on lot 76 and yards to the west. Have given instructions to push work.

JAMES ROSS.

DUCK LAKE.

Surveyor Reid has completed the survey of our town site, and will go to Prince Albert Friday. The streets are to be numbered and the avenues to be given names.

The side track is now completed and freight coming in daily.

The station building is about finished and is a very fine building. Our friend Carter is a rusher.

T. O. Davis got in the first carload of freight direct from the East.

Insp. Norman is in town inspecting the detachment. They are always glad to see him.

Messrs. H. J. Montgomery, W. R. Fish and J. McChesney, spent two days in town this week. They all think Duck Lake the finest place they have yet seen.

Mr. C. Mair and Mr. P. M. Barker, Inspector of Registry officer, with a number of immigrants, left here Thursday for your town.

It is the intention to open a telegraph office at the station on Monday or Tuesday next.

L. St. Louis received five carloads of implements and wagons this week. The demand being so great, he finds it difficult to fill orders for mowers and rakes.

Harry Peard, of your town will open a brick yard here at once, and has gone in to locate a claim.

Our friend, Horace Adams has taken up a homestead. Imagine Horace weeding turnips and threshing barley.

Mr. Drain arrived on Thursday and has commenced haying.

Mr. John Shearer this week showed us a sample of barley fully ripened, also a sample of wheat in full head. He says he will cut barley on Saturday at the latest, but it will be two weeks yet before he can touch the wheat.

It is the intention to give a grand celebration when the C.P.R. takes over the road, as we were much disappointed in not having the road during the last sports. It will take the shape of horse and foot races with other sports, and a banquet in the evening.

Mr. Angus Thompson left for Prince Albert on Friday. Angus will put up a first-class house at once.

The Government should put in an immigrant agent here, with Dominion Lands Office, at once. The former could look after immigrants for the whole country north and east of us. There has been several German families arrived and no one to meet them. Mr. Mitchell, learning of their arrival, has taken charge of them and will see they are comfortably located.

The weather has been showery and warm during the past few days.

The large addition to the Queen's Hotel is fast nearing completion, and already presents a very handsome and imposing appearance.

Mr. John Thompson, who went east some time ago as an immigration agent for the district of Kintimino, returned home to day. He was accompanied by his sister.

Young trees, after being transplanted, must be carefully looked after, if you hope to have them there. When everything else fails, try a solution of ten dollar reductions, and a change in their bark and foliage will be noticed immediately.

GENERAL NEWS

The C.P.R. land sales this year have increased at the rate of one hundred per cent. per month. The purchasers have been chiefly farmers.

The Chicago breweries outside of these owned by the English syndicate have declared war on the latter and dropped the price of beer to \$3.50 per barrel.

The Dominion Government have granted the privilege of allowing American hunters to enter Canada in bond for feeding purposes, so as to benefit the farmers of the Niagara peninsula who have grazing lands to let.

Nearly 20,000,000 pounds of dried and evaporated apples were exported from the United States during the eleven months ending May 31st. The total however, this one million pounds behind that of the corresponding period last year.

Mr. Percy Pimm, of the Wandsworth Mill near London, Eng., is on a visit to Canada making observations of the flour raising interests of the country. Mr. Pimm, who is one of the Ogilvies of England, will visit the chief mills of Manitoba, Minnesota, etc.

W. Mitchell, formerly of the Mitchell Drug Co., Winnipeg, took his departure last week for Toronto. He was presented by his late employees with a handsome cane before leaving the city.

A Port Arthur telegram says, "A new vein has been struck in the Porcupine location lately purchased by the Badger Co., which even exceeds in richness that on which they are now mining. Argentiferous galena carrying 700 ounces of silver per ton has been discovered 150 miles east of Port Arthur. This opens an entirely new silver belt."

LONDON, July 21.—The correspondent at Paris for the Post, telegraphs that the negotiations relative to Zanzibar have been concluded and that the Ministerialists consider that the French Minister of Foreign Affairs has scored a diplomatic victory.

By the premature explosion of a shell at Mayence yesterday, two of the garrison were killed and several dangerously injured.

It is reported that the Princess Elizabeth of Austria will embark during August on a yachting tour in the course of which she will visit the American coast.

Egyptian securities have been declining for the past few days on the London Stock Exchange, owing to a report that Lord Salisbury has decided to withdraw one thousand British troops from Egypt shortly.

The commander of the German garrison at Lemberg in Lorraine, has ordered the schools to be opened for the soldiers, in order to preserve the German language among the troops. It was found that by constant contact with the French speaking population the men were in danger of becoming less proficient in their own language than in that of their traditional enemy.

MONTREAL, July 21.—Alphonse Valles, bookkeeper for Valls Bros., was drowned at St. Anne de Lisle yesterday.

The girl Larade Beauchamp has been released by the court unconditionally from Longue Point asylum where she was confined for eight years, it having been proved that she was never insane.

MALTA, July 21.—The editors of three newspapers have been excommunicated for abusing the Pope and the bishop of his palace.

PORT ARTHUR, July 21.—Senator McLure arrived to-day and also Mr. R. T. Rokeby, of Winnipeg. They went west.

BERGHEDE, July 21.—Ex King Milan's continued stay here is explained by the knowledge that he cannot return to his usual and preferred haunts owing to the enormous debts hanging over him. In Paris alone he owes one and a half million francs, and Serbia is the only safe spot

for him to rest. It is now known that his recent outburst against the Government was the result of the Regent's refusal to make him an advance on his annuity of 150,000 francs.

KISISTON, July 21.—Michael Enright, the amateur oarsman, brother of Conrad Enright the well known oarsman, was drowned to night while practicing in a shell on a dam. No one witnessed the accident, but it is supposed he upset and his feet becoming entangled in the straps prevented him swimming.

COLORADO SPRINGS, Colo., July 21.—Three weeks ago Mr. S. F. Spinney, a business man of this place, and a large ranch owner at South Park, was kidnapped and taken to the mountains by a Texan named Harris, who claimed that Spinney owed him \$2,000 for a bunch of cattle he had purchased of him. Since that time nothing has been heard of Spinney. Mr. Harrington, brother-in-law of Spinney, raised the requisite sum recently and went into the mountains to pay the ransom, but he, too, has disappeared. The Texan said that he would hold Spinney ten days and the money not being forthcoming in that time he would kill him. It is feared that he has carried out his threat.

PICOT, July 21.—In a sermon last night, Rev. Dr. Carman, general superintendent of the Methodist Church of Canada, denounced the Christians who considered it obligatory to stand by their political party at the sacrifice of the principles they profess and said if the Methodists stand firm in their demand for prohibition, it would be assured in three years.

VANCOUVER, July 21.—The steamship Batavia from China and Japan, arrived after a pleasant passage of fourteen days from Yokohama, with twenty-eight cabin passengers, four Japanese and 125 Chinese and a full cargo of tea and silk.

THE DOMINION ILLUSTRATED.

The latest issue of this fine pictorial paper is in variety of subject and quality of artistic treatment one of the best yet published. The number is rich in portraits. Old Nor'-westers will prize the fine likeness of Sir Geo. Simpson, now thirty years in his grave, but once the ruler of a sovereignty almost as large as Europe. In connection with it is given a view of Isle Dorval, his former residence, now that of Mr. W. G. Eadie. An account of the entertainment organized there, under Sir George's supervision, in honor of the Prince of Wales, is of historic interest. The portrait of Madam Paquet will delight musical circles in which that lady (wife of an ex-Minister of Quebec) holds a prominent place. Grant Allen, though in England, is a Canadian by birth and has done Canada credit by his well used gifts in science and letters. With regret his many friends will recognize the portrait of the late Mr. John Page, C.E., whose sudden death gave a shock to the whole community. The rest of the number is largely devoted to yachting in Lake St. Louis, to lumbering and to the "Monument National" Celebration in Sohmer Park, Montreal—a gay scene, made charming by clusters of beauty. One of Hom's pictures serves as frontispiece. Address: Dominion Illustrated, 73 St. James St., Montreal.

OUR ULTIMA THULE.

Hudson's Bay receives upwards of fifty rivers, Lake Winnipeg and Lake Winnipegosis seventy-four rivers, some of them thousands of miles long with innumerable tributaries. Great Slave Lake, which is 172 miles in length and 138 miles broad, receives many large streams. Lake Athabasca, Great Bear Lake, and a multitude of other lakes, form the head waters of immense rivers that like Great Fish River, Coppermine River and McKenzie River, drain an almost unbounded territory and flow into the Polar Sea. The vast region comprising nearly half a continent is, in many parts, not much different to Manitoba. The same trees, the same birds, the same fish, and the same flowers. Taking the country as a whole there is much more wood than in the southern parts of Manitoba and the Northwest Territories, and although wheat may not ripen in every part, barley, rye and many vegetables grow and grass is abundant everywhere, except on the coast where the reindeer moss is found. Even at York Factory, on the coast of Hudson's Bay so far back as 1832, forty head of cattle were kept, and there were good gardens, turnips, radishes, potatoes and many flowers flourished. In fact, cattle, horses and sheep can be kept in unlimited numbers nearly all over the vast region that lies north of the present settlements in Manitoba and the Northwest Territories.—Colonist.

LOCAL HAPPENINGS

In Our Midst.

The Imperial Fruit Jars, in quarts and pints, for sale at F. C. Baker's.

Good advice—Always learn to spell correctly before publishing soliloquised jokes.

J. Lestock Reid, D.L.S., and Hillyard Mitchell, Esq., went to Duck Lake on Sunday last.

Examinations for teachers' certificates commence in the Central School on Tuesday next, the 5th inst., at nine o'clock.

On each application a generous reduction in price, say ten dollars, will be made. For further information apply at this office.

Father Leocq, of St. Louis de Langevin, who has been quite ill for the past fortnight has sufficiently recovered to return to his charge.

All kinds of goods are being received and sold daily at F. C. Baker's. He, as always, gives better value for a dollar than any other store in town.

Mr. and Mrs. Collis, from Saskatoon, arrived in town on Wednesday last. Mr. Collis is a watchmaker and jeweller, and intends going into business here.

T. E. Jackson has started his Soda Fountain for the summer season, and is prepared to furnish finely flavored ice-cream beverages at ten cents a glass.

While deaths from lightning are constantly occurring in the southern portion of the Northwest there has never been one to record in the Saskatchewan country.

J. N. Adams, representing the large wholesale dry goods house of Robertson, Linton, & Co., Montreal, paid a successful business visit to Prince Albert this week.

George W. Baker leaves shortly on an extended pleasure trip to Eastern Canada and the United States. It is hinted by knowing ones that he will not return alone.

E. J. Cann has been appointed agent for Saskatchewan, for Stanley's "In Darkest Africa," and is prepared to receive subscriptions for the same. Call and see prospectus.

Rev. Mr. McDonald and Rev. Mr. Stevenson exchanged pulpits on Sunday last. The former preached in St. Paul's Presbyterian Church in town and the latter at the Ridge and Colleton.

Wm. Dickson, who has been so seriously ill for the past few weeks, we are glad to know has improved so much that he intends to leave, in company with his brother, for his old home at Wroxeter, Ont., next week.

L. Kennedy, the well-known book and newspaper agent, arrived down the river from Edmonton on Thursday last on his annual tour of the Territories. Mr. Kennedy came down by skiff, which he now wishes to dispose of.

Rev. A. H. Wright, of Fort a la Corne, arrived in town Tuesday. He is on his way to Winnipeg to attend a meeting of the Synod of the Episcopal Church. He leaves on Monday and will go by way of Saskatoon and Regina.

The old trail between Troy and Prince Albert has become a dead letter so far as passenger traffic is concerned. Travellers now come through from Winnipeg in three days, a decided improvement on the old eight day movement by stage.

The Canada Settlers, Loan and Trust Co., have been fortunate in securing Mr. J. F. Betts as their agent for the Prince Albert district. Settlers desirous of securing loans from this reliable company will have every confidence in negotiating through him.

Rev. Mr. McDonald preached two eloquent sermons in St. Paul's church on Sunday. His evening discourse was of missionary nature and an appeal was made to the church people of Prince Albert on behalf of the pagan Indians of this district.

A contingent of the Salvation Army, consisting of Major Norris, his son Harry and a younger son and Captain Foye of Moose Jaw arrived in town last Saturday, having driven across country from Moose Jaw. Several services were held and a great deal of interest was manifested by those present in the meetings. From present indications there promises to be a shaking up of dry bones in the town shortly.

Everybody is delighted with the Congou Teas and Chase & Sandborn's Java and Rio Coffee sold by F. C. Baker.

And the hard working tax-payer just gained forty-five cents.

P. M. Barker, Inspector of registry offices for the Territories, arrived in town yesterday. This time Mr. Barker came by rail as far as Duck Lake, and we have no doubt enjoyed the quickness of the trip as compared with his last visit to Prince Albert.

Miss Baker, long and favorably known as a teacher in the town, has opened a school on the north side of the river for the education of Indian children. We are informed that steps are being taken to secure a missionary for the religious instruction of the Indians.

Mr. Jewells, of Victoria County, Ont., and three others, were in town this week. They intended going direct to Carlton in search of land but, as they informed us, Mr. Betts prevailed on them to go by way of Shell River country. They are fresh from Ontario and will make valuable settlers.

It is a pity that some of the high winds which occasionally prevail here do not find their way to the walls of the late Nesbit Academy and perform the duty which the trustees neglect, namely to level them to the ground and thus efface what is in more ways than one a dilapidated wreck.

We would like to see some interest taken by the citizens of Prince Albert on the matter of celebrating in some fitting manner the completion of the R. & P. A. railway to our town. Regina did the turning of the first sod act, and it is in order that Prince Albert should have the honor of driving the last spike.

The Northwest arrived Saturday morning on her return trip from Edmonton. She left the same day for Grand Rapids to bring up freight and will also bring up the steamer Marquis now lying at Cumberland, after which the lower end of the river will be abandoned and the steamers will hereafter make regular trips between Prince Albert, Battleford and Edmonton making connections with the Regina and Prince Albert railway at this place.

The Huron Express and Guelph Herald each give full information respecting the work now being done in Ontario, by our local immigration agent, Mr. Wm. Miller. His visit seems to have excited considerable interest among Ontario farmers, and crowded houses greet him at every meeting. While in Guelph Mr. Miller was the guest of Mr. Peterson, father of our townsmen, Doug. and Clayton.

The Huron Express says:—"The claims of the far north-western portion of our Dominion are in process of being brought before the people of Ontario by our former fellow-citizen Mr. W. Miller, now a resident of Prince Albert, Saskatchewan Territory, where he has been living for about twenty years. Mr. Miller is at present on a visit to Ontario, and his principal mission is to a vast area of interest in, and if possible direct emigration to the part of the Dominion he has just left. The Regina and Long Lake railway is being pushed into Prince Albert and trains will be running regularly in a month or so. Mr. Miller reports all crops in that section as exceedingly promising, and, of course, the garden of the Northwest centres in the near neighborhood of that pleasant town situated at the forks of the Saskatchewan. It is Mr. Miller's intention to be in various parts of the Province and to endeavor if possible, to have excursions run this summer and fall to the Prince Albert country. We are pleased to see our old fellow citizen looking so well and so favorably impressed with the condition and prospects of his Northwest home."

WHAT OTHERS THINK OF OUR REGULAR EDITION.

The following was contained in a letter received by us this week from Mr. Challen, N.W.T. immigration agent at present in Roumania:—"I have to return you my thanks for the kindness with which you so regularly forward me copies of your interesting paper. May it grow and flourish from year to year. Yours is the only Northwest paper I have been regularly supplied with, and I am proportionately grateful. It has been of great use to me in calling attention to the Saskatchewan district; through it I can be able to supply much valuable information to intending emigrants. I wish other papers took the same interest in my work which you appear to do. Kindly inform through the medium of your valuable paper, all taking an interest in my work here that I am using every effort towards promoting the settlement of our Territory, the future of which is certain to be great."
